1001 possibilities

Yes - the Heemmaster offers you 1001 possibilities. Set up your own machine shop for home industry. The Heemmaster enables you to do a lot more yourself - and do it faster, better, more accurately and safer! For all do-it-yourself handymen the Heemmaster is truly a dream come true.

The Heemmaster can do a multitude of jobs. The standard set enables you to drill, grind, polish and even saw - with a special tool: the 'sawing' drill.

In addition, various extra accessories are available which can be readily connected to the Heemmaster's power supply source. The power source, the powerful heart of the Heemmaster, is doubly insulated like heavy-duty industrial units, and is therefore completely safe under all conditions. In selecting the Heemmaster, you therefore do not only get the best mechanical quality machine but also the safest unit for your home industry!
