

ERRES
MIXER

ERRES MX 15

AN IDEAL HELP

FOR THE QUEEN OF THE KITCHEN!

Here it is, the new ERRES portable mixer MX 15,
stylish and functional in design and
provided with a host of novel features that make
it a pleasure to work with!

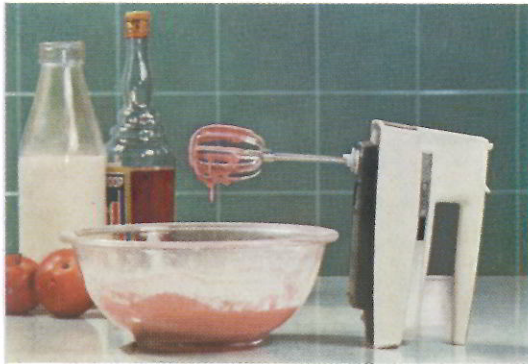

But most important of all: the portable mixer is an
extremely handy appliance, cleverly
designed to offer you maximum success
with a minimum of work!

The ERRES portable mixer MX 15 is equipped with a
powerful vibration-free motor with forced
cooling and includes two rugged
beaters and two heavy chromed kneaders that
allow you to do all your beating, kneading,
mixing and stirring with effortless ease.

SIMPLE OPERATION

You need just one hand to use the mixer: the push-button release and the 3-speed button that can be set to suit the requirements of the recipe, are right under your thumb! The attachments pop out at a flick of the ejector button!

EFFICIENT DESIGN

The mixer has been designed to fit the hand perfectly. Its well-balanced weight distribution and comfort-grip open handle are such that the mixer can be set on its heel like an iron. The attachments can drip clean over the mixer bowl thereby precluding any and all spillover on drainboard or worktable.

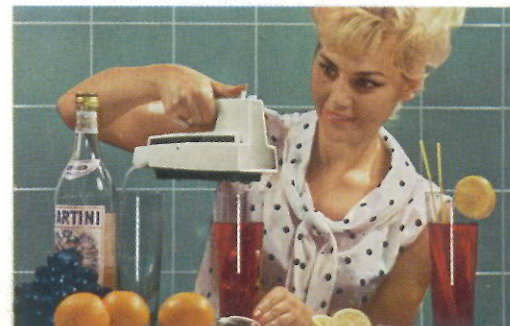

PRACTICAL DESIGN OF ATTACHMENTS

The beaters are provided with plastic caps which prevent noise and damage; besides which these caps allow the beaters to rest on the bottom of the bowl. All attachments have been designed for easy cleaning.

WIDE RANGE OF APPLICATIONS

The handy sizes of the various attachments ensure effective operation in all types of bowls, casseroles and basins. The ERRES portable mixer MX 15 can even be used with only one beater to stir or mix drinks in tall glasses, etc.

Every ERRES portable mixer MX 15 is accompanied with a handsomely produced recipe book containing elaborate instructions for use and also a host of valuable tips for the preparation of exquisite culinary specialties your family and friends will rave about. The booklet is attractively illustrated and lists all ingredients needed to make your specialties an outstanding success!

SUMMING UP, THESE ARE THE PLUS POINTS OF THE ERRES PORTABLE MIXER MX 15:

- white impact-resistant plastic housing.
- one-hand operation.
- 3 speeds: the right speed for every recipe.
- powerful 100 watts radio and TV suppressed motor.
- especially designed to fit the hand.
- 6½ feet of flexible cord with moulded-on plug that fits any socket.
- equipped with heavily chromed beaters and kneaders.
- double insulation ensures perfect safety in operation.
- C.E.E. approved.

This is the ideal portable mixer for domestic use - no maintenance, keeps its fine appearance for a long time, is easily cleaned and takes up little space.
